NEWSLETTER

MakeUtah is building the future of hard-tech innovation from concept to commercialization.

MakeUtah

Members: 72
 Start Ups: 24
 Active volunteers: 10
 Monthly volunteer hours: ~700

MakeUtah Pillars

CONNECT
 COLLABORATE
 CREATE
 COMMERCIALIZE

Open areas: All members are allowed to use the group of 10 white tables next to the blue phone booth and couches in the lobby. As we grow the open areas will change. To see the current layout of open areas and dedicated space please refer to the map at the front desk.

Dedicated space: Please be respectful of all the start ups on the floor and do not go into others dedicated space.

Reservations: To book the large conference room scan the QR code by the door. It will take you to our app to make the reservation. You can book up to 7 days out for 2 hours at a time. If you need a longer time slot or would like to schedule a repeat time, email admin@makeutah.org or visit Robyn at the front desk.

Phone Booths: The 1 blue and 3 green phone booths are first come first serve. Please do not camp out in the phone booth all day long. This is a community resource.

Member Badge Request: Email admin@makeutah.org from your work email with a head shot without sunglasses or a hat.

June 25 Flagship Event

Hard-Tech Companies and Physical Product Peers 2:00-3:00

Highlighting Utah's Hard-Tech Innovation 3:15-4:45

HIGHLIGHTS

Member: Jonathan Wagstaff

Jonathan Wagstaff, founder of Martlet3D, is set to revolutionize 3D printing. His software technology eliminates breakaway supports, an omnipresent headache in conventional layer-by-layer printing. Instead of typical slicing, Martlet3D is a whole new printing paradigm. It achieves gravity-defying results even on cheap ordinary 3D printers by utilizing material properties, surface topology optimization, and nature-inspired techniques. Sign up at martlet3d.com to be a beta tester and improve your print quality while saving time and material.

Event: Malaysian Monday

MakeUtah President, Vanessa Machin Perez has gone above and beyond for the MakeUtah members. She has been cooking an amazing lunch for all members on the first Monday of every month. February, March, and April: Taco Tuesday, May: Lebanese De Mayo, and June: Malaysian Monday. She has personally sponsored out of her own pocket several of the meals, plus all the prep and cook time. We also want to give a big shout out to Aaron with SameDay as he has become the sponsor for our MakeUtah Monday Meal.

WestCAMP

WestCAMP is one of MakeUtah earliest supporters. They have provided amazing mentorship to the MakeUtah management team and has sponsored MakeUtah events and growth. WestCAMP managed the MEP (Manufacturing Extension Program) Fund for 30 years.
